TRIPLE-N

SUMMER, WINTER HOURS OR DAYS...ONE RESULT.

The TRIPLE-N boilie range contains a triple nut blend, made of the highly successful Tiger, Peanut and Hazelnut meals and flours, these are mixed at the optimum levels to produce an exceptionally high quality food source boilie. To maintain the correct nutritional balance, we have used refined milk proteins, along with high quality bird foods. The reduced fat peanut blend ensures a boilie range that is highly digestible. We have included a liquid food attractor which adds a sweet and creamy back note. We've increased the pulling power even further with the addition of a highly attractive feed stimulant that really does trigger carp to feed. The success anglers across Europe have had on Triple-N is proof this is no myth?

HYBRID BARBEL HOOKBAITS

A unique, exclusive new style of pellet and one that's caught a host of big fish. The malleable hookbaits give off strong sensory aromas that draw fish from long distances due to the massive flavour leakage.

Summer, winter, frost or flood – this bait catches in any weather and any conditions.

SUPER FRUIT POP-UPS

Super Fruit Pop-Ups are ultra-buoyant and highly visual. The Pink, White and Yellow Hi-Viz colours are perfect standout hookbaits for an instant response. They include high levels of liquid attractor & powdered palatants for continuous leakage. The mix sized pots are extremely cost effective, allowing the angler lots of flexibility. Super Fruits are an effective all year round hookbait.
